The European Accreditation Council for Continuing Medical Education (EACCME) was set up by the UEMS for the purpose of ensuring the international mutual recognition of quality assessments of CME-CPD activities organised all over the world for the benefit of European doctors.

Accreditation Validity

EACCME accreditation begins on the day of today. Term of approval is for 2 years from this date.

Accreditation Statement

Accreditation by the EACCME confers the right to place the following statement in all communication materials including the registration website, the event programme and the certificate of attendance. The following statements must be used without revision:

*The ESICM Academy - 2022 Application,
made available on <https://academy.esicm.org/> and organized by European Society of Intensive Care
Medicine,
is accredited by the European Accreditation Council for Continuing Medical Education (EACCME)
to provide the following CME activity for medical specialists.*

*Each medical specialist should claim only those credits that he/she actually spent in the
educational activity. The EACCME is an institution of the European Union
of Medical Specialists (UEMS). Only those e-learning materials that are displayed on the UEMS-
EACCME website have formally been accredited.*

*Through an agreement between the European Union of Medical Specialists (UEMS) and the
American Medical Association (AMA), physicians may convert EACCME credits to an equivalent
number of AMA PRA Category 1 Credits™.*

*Information on the process to convert EACCME credit to AMA credit can be found
at www.ama-assn.org/education/earn-credit-participation-international-activities.*

EACCME credits

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

The delivery of the certificate of attendance is linked to the completion of an evaluation form and self-evaluation test. The CME provider must define the criteria for passing the test.
